The S.W.A.T. Minion's Tip: How To Use Periods In Excel Dates

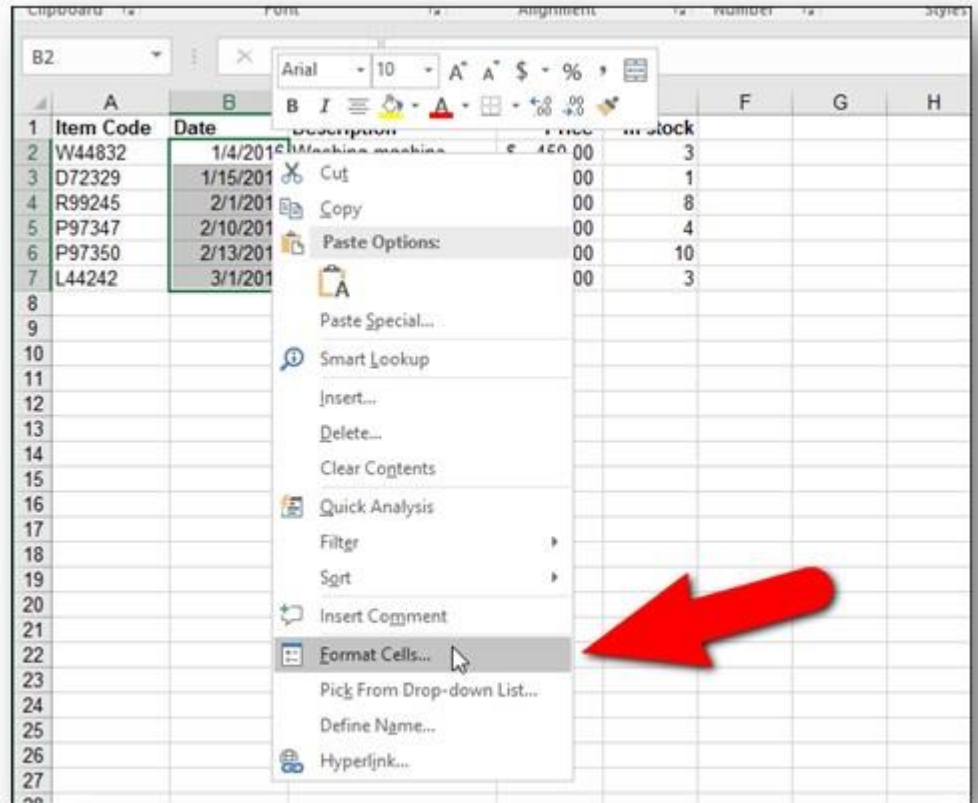

By default, short dates in Excel are formatted using slashes (3/19/2016). If you use many dates in your worksheets, it may be easier to focus on the numbers without all of those lines (3.19.2016).

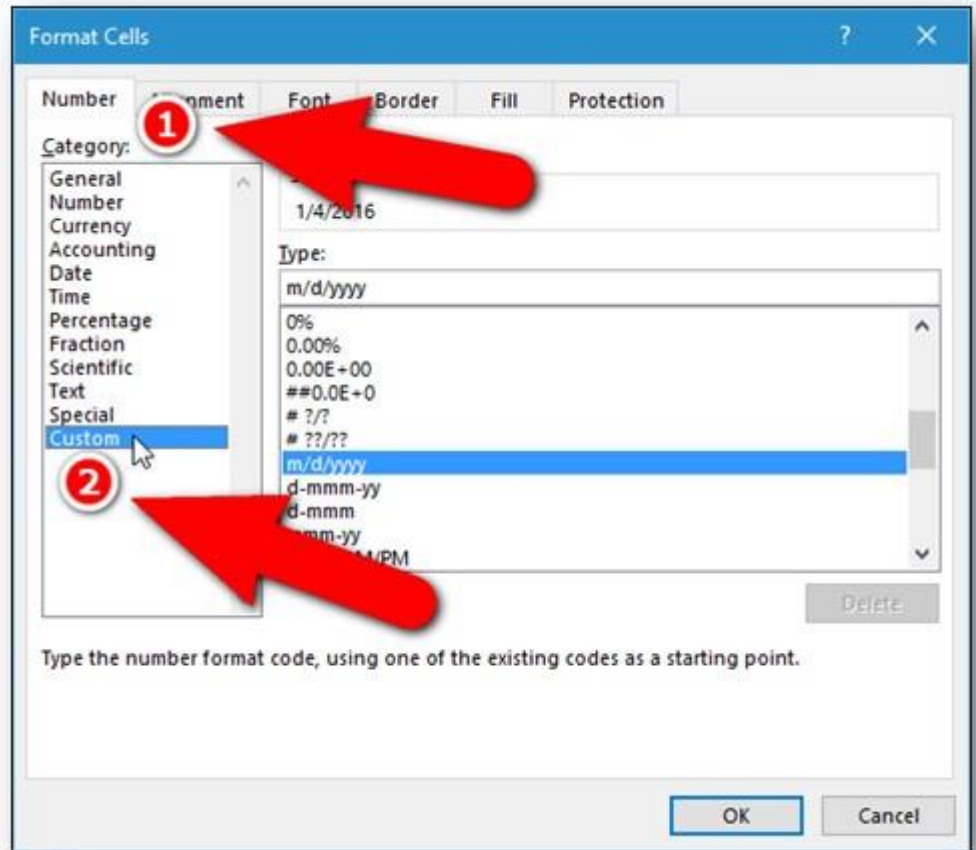

You can easily change the format. Here's how:

Item Code	Date	Description	Price	In stock
W44832	1/4/2016	Washing machine	\$ 450.00	3
D72329	1/15/2016	Dishwasher		
R99245	2/1/2016	Refrigerator		
P97347	2/10/2016	Plasma TV 42inch		
P97350	2/13/2016	Plasma TV 50inch		
L44242	3/1/2016	LCD TV 42inch		

1. Select the cells containing the dates you want to change.
2. Right-click on the selected cells
3. Select "Format Cells" from the popup menu.

4. On the Format Cells dialog box, make sure the “Number” tab is active.
5. Select “Custom” in the Category list box.

6. Enter "m.d.yyyy" (without the quotes) in the "Type" edit box.
7. Click "OK."
8. To use a two-digit year in the dates, enter "m.d.yy."
9. Entering "mm.dd.yyyy" inserts a leading zero before single digit months and days and uses a four-digit date (01.04.2016).

You can change the date format back to slashes or to any other date format, such as a long date or a date and time combination, using the same procedure. Just select "Date" in the Category list on the Format Cells dialog box and select a format in the "Type" list box.

Cranial Candy: Word Of The Week...

nidus

PRONUNCIATION:

NIDE us

MEANING:

Literally, a nidus is a nest (or a cluster of eggs).

Figuratively, the nidus of something is its source: the place where that thing is fostered.

PART OF SPEECH:

Countable noun.

(Countable nouns, like "bottle," "piece," and "decision," are words for things that can be broken into exact units.

USAGE:

"Niduses" is the plural recognized by the OED; sometimes you will see "nidi" as the plural.

When you talk about the nidus **of** something (or a nidus **for** something), you mean its figurative nest: the place where it is nurtured or where it was born (or rather, "hatched!").

That can be a positive thing ("the nidus of technological advancements," "a nidus for youthful curiosity") or a negative thing ("a nidus of sarcasm and hypercriticism," "the nidus for greed").

Although we do not "repair" computers, the **S.W.A.T. Team** (Students Who Assist [with] Technology) on Level A of Carlson Library is always happy to help. Having an issue? Let us take a *swat* at it!

Something To Think About:

Never doubt that a small group of thoughtful, committed, citizens can change the world. Indeed, it is the only thing that ever has.

-- Margaret Mead
